

Policies and procedures

When uploading opportunities we will ask you if certain policies and procedures are in place.

To advertise your opportunity via the Skill Givers site you must have:

- Insurance that covers volunteers
- A health and safety policy
- A suitable risk assessment for the role

If you don't have any of these things in place please get in touch and we will direct you to support available to help you implement them.

You must also be able to offer a short induction to any volunteers working on site covering health and safety, confidentiality, fire safety and risk as a minimum.
